## FireTalk S EN443

Helmet set to provide optimum communication for fire- and rescue services

- universal helm adapter
- robust, and long life design
- the waterproof electrets gooseneck microphone
- helmet adapter and helmet bracket made of aluminum
- can be adapted to all standard fire brigade helmets quickly
- **Certified according to EN443: 2008-02 For helmets Schubert F120 / F120Pro / F130**
- Compatible with these helmets (certification possible / on request): Rosenbauer Heros Smart / Rosenbauer Heros Xtreme / Casco PF112 extreme / Dräger HPS7000 / HPS4300 / HPS4100 / Bullard H3000 / Schubert F100Pro

### Technical data

#### Microphone

Pattern: electret  
 Directional: noise cancelling (NC)  
 Impedance: 2500 Ohm  
 Sensivity: -34 dB V / Pa, 1 kHz

Frequency range: 100 Hz – 5 kHz

#### Speaker

Impedance: 32 Ohm at 1 mW / 1 kHz  
 Sound pressure level: max. 117 dB  
 Frequency range: 300 Hz – 18 kHz

Pattern: dynamic

#### Additional Data

Temperature range: -30°C to +70°C  
 Weight: 160 g (incl. helm adapter)
