

Aquapac's Submersible range is perfect for anyone on the water who doesn't want to worry about their phone.

Kayaking, kitesurfing or sailing, this case allows you to get on with it whatever the conditions.

Manufactured from TPU, each case allows use of touch-screens & buttons. And the armband means your gear is kept safe and secure, and out of the way.

Supplied with an adjustable armband.

The Aquaclip sealing system is independently tested by Engineering Research Centre at Imperial College, London and guaranteed to IPX8 (Underwater to 5m/15ft).

Guaranteed for 5 years from first purchase, worldwide.

Large Armband Case 218

Dimensions of case (flat, closed):
W 175mm x L 250mm
